Luxe Salon & Spa — A quieter kind of luxury

Build a single-page luxury spa/salon landing page with an Indian Rupee (₹) pricing theme. Use a warm, muted cream-and-gold color palette with Tailwind CSS.

Sections to include:

Fixed Navigation Bar — Minimal top nav with a serif logo ("Luxe"), anchor links (Rituals, Menu, Story, Visit), and a "Book" CTA button. Use a translucent backdrop-blur background.

Hero Section — Full-screen hero with a spa interior

background image (marble, candles, eucalyptus). Dark gradient overlay from bottom. Display: "Salon & Spa · Est. 2018" tagline, a large serif headline "A quieter kind of luxury" (with "luxury" in gold italic), descriptive paragraph, and two buttons: "Reserve a ritual" (primary filled) and "View the menu" (outline).

Marquee Strip — Horizontal scrolling strip of services

(Hair, Skin, Nails, Massage, Brows, Waxing, Bridal, Hammam) separated by gold star dividers, on a cream background. Infinite CSS animation.

Services Grid — "What we do" section with 3 service

cards (Signature Facials, Hair Atelier, Hands & Feet). Each card has a 72px tall image, title in serif font, "from ₹X" pricing, and a short description. Hover effect scales the image.

Pricing Menu — "Rituals & rates" section on cream

background. List 6 services with duration and Indian Rupee prices:

Gold Glow Facial — 60 min — ₹15,000

Deep Tissue Massage — 90 min — ₹17,000

Hamam Body Polish — 75 min — ₹13,000

Express Blow-Out — 45 min — ₹6,000

Couples Retreat — 120 min — ₹34,000

Signature Mani + Pedi — 60 min — ₹9,000

Founder Quote — Centered quote in large serif font:

"We built Luxe as the kind of place we wanted to disappear into on a Tuesday afternoon — warm, quiet, a little gilded around the edges."

Below it: circular founder portrait, name "Mira Ahmed", title "Founder".

Visit/Booking Section — Two-column layout. Left:

Contact info (address "118 Linden Lane, East Village, NY", hours Tue–Sat 10am–8pm, phone, email). Right: A booking request form with fields for Name, Email, Preferred Service dropdown, Preferred Date, and "Send request" button. Show a success message on submit.
